Then in the coming years they will partner with our local churches to help start new churches in these communities.
- **SEND CITY PARTNERS** – We currently have 390 churches from Canada & USA partnered as either Sending Churches (mother churches) or Supporting Churches in our 5 Send Cities. Praise God for the growing number of partners!

- **PARTNERSHIPS FOR NEWFOUNDLAND** – Pastor Stephen Bray and Calvary Baptist Church (St John's, NL) is interested in helping plant CNBC churches in Newfoundland & Labrador. Chad Vandiver was able to connect Calvary with multiple partners while Stephen was on a partnership tour in Texas this month. Pray that we are able to work together with Calvary to re-establish a CNBC presence on The Rock.
- **MULTIPLYING CHURCHES** – It is exciting to see churches planted with multiplication in their DNA. The following are churches who are less than 10 years old who planted the first of many churches this year: LaChapelle (MTL), Fellowship Pickering (TOR), Southwinds Church (CGY), ad Church on the Rock (VAN). Pray for these church plants and pray for more plants like them!
